NEXTBAND Stream Home Screen

The NEXTBAND Stream Home screen displays the Content Area and the Navigation Panel

NEXTBAND Stream Home Screen Content Area

The Content Area of the NEXTBAND Stream Home screen displays "stripes" of categories with information and posters of the available programs, movies or series (if there is nothing available in a category, the stripe will not be displayed).

NEXTBAND Stream Home Screen displaying the Content Area

You can access the NEXTBAND Stream Home screen from anywhere/anytime by pressing the HOME key on the remote. The Navigation Panel will be displayed in the left-hand side of the screen and the Home screen will be automatically selected.

NEXTBAND Stream Stripes categories include:

Stripe Title	Description
Live TV	Open the TV Grid.
Catch-Up TV	It returns a list of programs recently recorded as a Catch-Up TV playback for a single channel. The content is displayed from current time back through all recorded shows on that channel: the first poster is of the currently playing program on that channel, the second poster is of the most recently recorded program, the third poster is of recorded program before, and so on. Programs which have been expired or programs for which you are not entitled to, are subject to parental control restrictions and they are not displayed.
On Demand Catalog	Rent a movie to watch instantly on your TV.
Recordings	View and manage your recorded programs.
Continue Watching	Browse and continue watching on-demand movies and shows that you have begun watching but have not completed.
Favorites	Browse your favorite live programs, on-demand movies and series, and channel lists.
Settings	Set your preferences for the language of the application, parental control, accessibility, create sub-accounts, and manage your user profiles.
Apps	Access external applications such as Netflix, YouTube, etc. Upon launching the application, the current playback is stopped.
